

Alkyd Gloss Enamel

A durable marine and equipment enamel which withstands all types of weather conditions. The fully-cured finish can withstand repeated washing and normal everyday abuse. Its toughness has been proven in marine, industrial and commercial maintenance fields when used as an interior or exterior gloss enamel.

Intended Use: For marine areas such as freeboards, deck houses, and interiors, holds, passageways, machinery, cabinets, or furniture.

PRODUCT TYPE: (250 SERIES) Pigmented Gloss Alkyd Enamel.

PHYSICAL CHARACTERISTICS

DRY TO TOUCH: 1 hour

TACK FREE: 4-6 hours

TIME TO RECOAT: Overnight

WEIGHT PER GALLON: 7.60-9.50 lbs. per gal.

DRY HARD: 6-8 hours

COLOR RANGE: Whites and Tints

PACKAGING: 1 or 5 gallon containers

PRACTICAL COVERAGE: 300-500 square feet per gallon depending on application.

SURFACE PREPARATION: WOOD: New wood should be primed with Farwest #710 Exterior White Oil Base Primer and allowed to dry for 24 hours before applying Matson Marine Finish. Old painted wood should be sanded or wire brushed and spot primed with Farwest #710 Exterior White Oil Base Primer. The surface to be coated should be cleaned thoroughly with Farwest #644 Gloss Set to remove all dirt, grease, or wax.

METAL: New metal should be etched with Farwest X-5679 Phos-Pro Cleaner-Etcher Rust Stopper or Farwest #695 Rynolite Chemical Cleaner-Etcher then rinsed and allowed to dry and then primed with Farwest X-4985 Weatherguard White Lacquer Proof Primer. Old and rusted metal should be wire brushed and washed with a suitable solvent or degreasing solution such as Farwest #644 Gloss Set, followed by an application of Farwest #695 Rynolite Chemical Cleaner-Etcher and then rinsed according to instructions on the label. Iron and steel surfaces should be primed with Farwest X-4985 Weatherguard White Lacquer Proof Primer before applying Matson Marine Finish.

APPLICATION: Brush, roller, or airless or conventional spray. Note: This material needs little or no thinning for brushing and rolling. The consistency has been formulated to provide best results from full-body application.

THINNING: Thin if necessary with Farwest #602 Mineral Spirits or Farwest #605 Synthetic Thinner.
